SDSP: A novel saliency detection method by combining simple priors

Team Details :

1) Ujjval Patel (201601234)

2) Siddharth Pogul (201601248)

To perform the quantitive analysis the program is tested against various input images(which can be found here). The statistical analysis of input images and the program's response time is shown below.

Dimesion	Size(kB)	System Response Time(s)
960x640	31.9	0.26
480x527	151.1	0.219
1920x1080	162.6	0.3
700x367	292.6	0.239
2371x1897	311.8	0.98
1868x1051	526.2	0.384
1920x1440	526.7	0.388
3840x2400	1900	1.336
3569x2389	2100	1.692
2048x1486	2400	2.4
